

2017

pursued by bear CABERNET SAUVIGNON

Pursued by Bear Cabernet Sauvignon has always been about quality. The 2017 is no exception. Layers of complex, deep red fruits with exceptional concentration combine with flavors of dark chocolate and hints of mint and vanilla. A luscious mouthfeel enhanced by supple, integrated tannins, developed in the 100% new Taransaud French oak barrels, harmonize elegantly with the exceptional fruit sourced from the best vineyards in Washington's Columbia Valley.

The roster of vineyards contributing to this release is a who's who of Washington's finest growers. Cabernet Sauvignon and Merlot sourced from the renowned Champoux Vineyard was blended with the same varieties from the extraordinary Dubrul, Dionysus and Weinbau Vineyards to create a wine of amazing concentration with great aging potential.

Kyle MacLachlan, Owner & Vintner
