

blushing bear

rosé | v. 2022

Inspired by the classic Bandol rosés of southern France, the 2022 Blushing Bear is a beautiful salmon pink color, offering fragrant aromas of honeysuckle, wild strawberries, and grapefruit. Refreshing and flavorful with a soft, lush entry and bright notes of Bartlett pear, guava, and crisp apple. Mouthwatering acidity and a lively finish make this the perfect wine to enjoy at twilight on a warm summer evening.

Sourced exclusively from Walla Walla Valley vineyards, hand-picked grapes were gently whole-cluster pressed to capture perfumed aromatics and delicate flavors. Afterward, the juice was fermented and aged in stainless steel for five months to deliver a clean, fresh style.
