

baby bear

syrah | v. 2020

Concentrated and opaque in the glass, the 2020 Baby Bear Syrah is a robust, deeply aromatic wine offering ripe blackberries, wild blueberry, and cassis aromas and flavors. Subtle notes of black pepper, olive tapenade and espresso bean are laced throughout layers of dark fruit on a richly textured palate. Impeccably balanced, with fine-grained tannins and lively acidity, the finish is long and generous.

Handpicked grapes were de-stemmed and then passed through an optical sorter to ensure only the best fruit was moved to stainless steel tanks for primary fermentation. Following fermentation, the wine was transferred to new, Taransaud puncheons (600L) and matured slowly to integrate the fruit and oak fully, further developing the wine's refined, complex flavors and lush mouthfeel.
