

bear cub

red wine | v. 2022

Lush and lively, the 2022 Bear Cub Red opens with ripe aromas of black cherry, plum, and a touch of warm spice. The palate is fruit-driven and smooth, with layers of dark berry, cocoa, and a soft, rounded finish. Approachable and full of charm and flavor, the Cub is an easygoing red that brings richness without heaviness—perfect for any night of the week.

Cabernet Sauvignon dominates the blend, drawing its depth and structure from Sagemoor's Weinbau, Dionysus, and Bacchus vineyards—three acclaimed sites known for producing richly concentrated fruit with balance and finesse. Walla Walla Valley's Les Collines Vineyard adds vibrancy and lift, rounding out the final 16% of the blend. Aged for 30 months in French oak barrels. This Cub may be young, but it knows how to make an entrance.
