

bear cub

red wine | v. 2023

Lush, generous, and immediately inviting, the 2023 Bear Cub Red delivers ripe dark fruit with plenty of freshness to keep things lively. Black cherry and plum lead the way, joined by blackberry, cocoa, and warm spice. The palate is smooth and layered, with supple tannins and a rounded finish—rich enough for the dinner table, relaxed enough for a weeknight.

Cabernet Sauvignon gives the wine its backbone, sourced from Sagemoor's renowned Weinbau, Dionysus, and Bacchus vineyards, prized for concentration, structure, and polish. Les Collines Vineyard in the Walla Walla Valley brings brightness and lift. Aged 31 months in French oak, the wine emerges polished and beautifully integrated, with vibrant fruit leading the way. The result is a richly flavored, beautifully balanced red with plenty of personality and a playful spirit all its own.
